Mr. John Howard Collier,  
Florence, Texas.

Dear John:

I am planning to visit Oklahoma, Arkansas, Texas likewise two or three other Western States in a very hurried manner in November and I would be pleased to have you advise me just where you will be during the month of November, and if you will be at home, as I want to make you a visit and get personally acquainted. I cannot name the definite time, but will have to operate on telegraph notice.

I have also a lot of relatives from my Grandmother's side, she being a Greene, a sister of Judge James Greene of Thomaston, Ga., and I want to try and visit them at the same time, and likewise attend to the business matters that I am going to various states to look after.

I trust you will pardon this very brief communication and in the meantime I would be pleased to have you advise me by return mail here at Barnevillie just where you will be along about the 15th or 20th of November.

With sincere regards, I beg to remain,

Yours very truly,

J.C. Collier.
